

Emergency Shelter Training

**MARCH 31st
6:30pm-8:30pm**

“Emergency Shelters are an important part of a community’s response to a natural disaster like a flood or tornado” says Leanne Spengler, chair of the Pike County Long Term Recovery Committee. “We are offering free training to organizations that might be interested in opening an emergency shelter to their community.”

“The training will focus on what services might be offered, what resources are available, and roles those working in a shelter might need to fill” according to Tom Dugger, executive director of the Northeast Missouri Chapter of the American Red Cross.

Dugger will be leading the training.

The training is scheduled for Thursday, March 31 from 6:30 to 8:30 p.m. at the First United Methodist Church, Broadway and Church Street, Bowling Green, MO. The training is free and open to the public. Organizers are asking for reservations by Monday, March 28 for refreshments and printed materials. To make a reservation call the University of Missouri Extension Center at 573-324-5464.
