

Empowering People, Changing Lives, Building Communities!

## April 1, 2011 8:30-4:30 WORKFORCE OF FUTURE HOST A ROAD BLOCK FUNDRAISER

*WORKFORCE OF THE FUTURE* is a training program with a different approach, it is based on forming partnerships with local business communities, and those individuals in our community that is currently seeking employment. This program addresses job training, resume training, job search, employment retention, the benefits of working, self esteem & confidence. A training stipend is given to eligible Workforce participants that are placed at various workplaces/training sites for up to 20 hours weekly. Participants are expected to attend weekly workshops to continue gaining valuable skills. Participants & training sites are continually sought out to continue to address the under employment issues NECAC's 12 county area is experiencing. Information is available on becoming a *Workforce* participant or training site, call your local NECAC Service Center.
